**Grandmother to Grandmother: New York to Tanzania**
Produced and Directed by Anne Macksoud and John Ankele

**June 24, 1:00 pm**
Film viewing and discussion with filmmaker

In sub-Saharan Africa, AIDS is wiping out a generation of parents, leaving thirteen million orphans behind. Many of the grandmothers, impoverished by the epidemic, have rescued these children from the streets and are struggling to raise them. A similar thing is happening in cities all across America. AIDS, drugs, and violence are wiping out generations of parents, leaving millions of children behind. Determined to keep these children out of foster care, their grandmothers are stepping in to raise them. Their task is made more difficult because many are poor women living in sub-standard housing and gang-ridden neighborhoods. This film introduces two outstanding projects—one in the Bronx, one in Tanzania. This film will inspire people to take action and support efforts to lift the heavy burden carried by millions of grandmothers.

Anne Macksoud spent seventeen years as a teacher (English, photography and music) before transitioning to film. Once she discovered the “eye-opening” power of the documentary medium, she brought documentaries into her classroom on a regular basis. Eventually she began helping her students make their own films and slide shows on pertinent social and global issues. She approaches filmmaking from the perspective of an artist as well as an educator.

**Dinner and Documentary Presentation:**

**Freedom & Unity: The Vermont Movie**

**July 9, 2014**
5:30pm dinner, movie viewing & talk 6:15 - 8:00pm

*Freedom & Unity: The Vermont Movie* is the first-ever documentary series about Vermont. The six-part film is a collaboration of three dozen critically acclaimed Vermont filmmakers, led by award-winning filmmaker Nora Jacobson. Advisors for the film include well known historians, educators, curators, authors, artists, politicians, and activists.

Since declaring its own independence in 1777, Vermont has been a beacon, a haven, a refuge, a symbol, a state shaped by independent and courageous decision-makers, thinkers, political leaders, workers, artists, immigrants and innovators. It is the first state to outlaw slavery, to allow same sex civil unions, to call for the impeachment of President Nixon, and to protect the environment with Act 250. This is the state in which conservatives and liberals are not only neighbors—they frequently depend on each other for survival.
