A PLAN FOR SUCCESSFUL AGING

The presentation at this year’s annual meeting will include a summary of a special health report, “A Plan for Successful Aging,” published by Harvard Medical School and presented by Lynn Peterson, MD, and Thompson Executive Director, Deanna Jones. Dr. Peterson practiced at Brigham and Women’s Hospital for over 40 years and is currently a visiting professor for the Department of Social Medicine and the Department of Surgery for Harvard Medical School. “A Plan for Successful Aging” includes setting goals for retirement, what a healthy diet really looks like, keeping your mind sharp, preventing vision loss, and planning for legal aspects of healthy aging.

We will also have a few short readings from our Memoirs Group book - to be published in November of 2014. See insert for more details about this exciting accomplishment!

ANNUAL MEETING AND ANNUAL REPORT FOR FISCAL YEAR 2014

As a nonprofit organization that operates for public purposes with public support, we provide the community with information about our mission, program activities, and finances. The Annual Meeting and Annual Report are two of the ways that we make available to the public, information about The Thompson’s programs and financial management. The Annual Meeting is also an opportunity to hear about the year in review at The Thompson and to vote on and welcome new board members and associate members. The Annual Report includes information about operations and achievements at The Thompson during 2013 and includes recognition of donors, supporting foundations, grant awards, and year end (unaudited) financial statements.

**BOOK GROUP**
**Wednesday, October 8, 1:00 pm**

Our October read is Roland Merullo’s *Breakfast With Buddha*. It’s the story of a fellow whose New Age sister insists he take a trip he planned from New Jersey to North Dakota with her guru. Hilarity ensues; Otto is skeptical, wise man Rinpoche is new to American ways. They both have things to learn and the way along is delightful. Merullo spoke at Bookstock this year. He told us that he actually wrote the book as he took that very trip, but alone. The discussion will be led by Sherry Belisle, who laughed out loud while reading the book. The book group welcomes newcomers!

**Tai Chi’s Slow, Gentle Exercise Great for Fall Prevention, Mind and Body Health**

~ New Fall Session ~
**Wednesday, September 17 to October 22, 10:00 to 11:00 am**

Those of us who enjoy tai chi’s slow, gentle movements find our balance improves, and so do our coordination, blood pressure, even our sleep. We enjoy the companionship of our classmates as we help each other learn the various movements and undertake the discipline of learning something new.

Some people think–tai chi’s not for me. It’s too slow, it’s too strange. But talk to people who do tai chi and you discover that the slowness is part of what helps improve balance and strength, that the strangeness disappears once you’ve had a few classes. After all—anything new can feel strange at first!

Now that the Centers for Disease Control has shown that our Tai Chi for Arthritis and Fall Prevention form is one of the best things you can do to reduce your risk of falling, more and more people are signing up for tai chi. We encourage you to give it a try.

We’re changing the format of our class at the Thompson Center to incorporate some qi gong (coordinated breathing and stretching) forms and some fun exercises that introduce tai chi principles. We’ll continue learning the Tai Chi for Arthritis and Fall Prevention form during a major part of our sessions.

Instructors Anne Bower and Jane Philipin will lead beginners and more experienced participants working together during class, but at times we’ll break into smaller groups as well.

Cost: $30 for new 6 week session

For more information on how tai chi can benefit you, contact Anne Bower at annebower@yahoo.com, or check out her website: www.annebower.com

The surrounding mountain ranges offer spectacular scenery, particularly during foliage season. A deluxe buffet luncheon will be served during the two and a half hour cruise. Vermont Symphony Orchestra Holiday Pops
At The Historic Paramount Theater, Rutland Vermont
Sunday, December 14, 3:00 pm
(Depart Thompson on a Premier Coach Bus at 1:45 pm and return to Woodstock approximately 8:00 pm)
Cost: $78.00 includes bus fair, tickets and buffet dinner
Two sleigh rides, a skating party, and a sojourn through the Twelve Days of Christmas (cleverly adapted to various musical styles) are part of our joyful holiday journey with the VSO and VSO Chorus. “Full Gallop,” a fanfare by Burlington composer T.L. Read, starts us off at a festive clip. Excerpts from “The Messiah” and the Nutcracker are along the way, as are shepherds, traditional carols, a singalong, and a celestial harp.
After the performance we will travel to Chittenden, Vermont, in the Killington region, to enjoy a buffet dinner at Mountain Top Inn, majestically set on 350 acres with sweeping views of a mountain lake and Green Mountain National Forest. Our group will be dining in the Barn, a rustically elegant and unique venue with the lake and Green Mountains as the backdrop. Cost: $78.00

The Historic Paramount Theatre, a brief history:
In the early part of the 20th century, many called The Playhouse Theatre of Rutland, Vermont one of the finest theatres in America and very few, reportedly, were more artistically designed or appointed. Built in 1912 & 1913 by George T. Chaffee, The Playhouse Theatre opened on January 16, 1914. The classical style exterior architecture of the building reflected the “City Beautiful” movement of the time, while the interior took on the look of a Victorian opera house. Top performers traveling via the Rutland Railroad between Montreal and Boston, would stop to perform in The Playhouse. Minstrel shows, grand and light opera, and vaudeville, and appearances by Tom Thumb, Will Rogers, Sarah Bernhardt, Ethel Barrymore, and The Great Houdini, delighted local audiences. When “talking pictures” came to town, The Playhouse embraced the movie phenomenon, and as a motion picture theatre, was renamed The Paramount, in 1931. The onset of World War II brought patriotic and inspirational films to the stage. Later, rallies to raise pledges for war bonds were conducted in the theatre. In the 1970s, however, like many small theatres across the country, The Movies, as the theatre was then known, paralleled the decline of the film industry, and closed its doors in 1975.
The theatre sat empty and neglected for nearly a decade until a group was formed to purchase the building for use as a performing arts center. After extensive historic research and restoration the theatre was completed in February 2000. Once again, the Paramount Theatre has assumed its role as an arts, cultural, and educational leader, and as a significant and valuable community resource.

Fire Prevention Week
Oct 5-11, 2014
Fire is the biggest disaster threat to American families. Fires are devastating and can be deadly because they spread so quickly. In less than 30 seconds, a small fire can get out of control. In just two minutes a small fire can become life-threatening, and in just five minutes, a house can be fully engulfed in flames. Unlike many disasters, home fires can often be prevented.
Fire safety tips:
• Cigarettes, candles, space heaters, fireplaces, holiday lighting and frayed or over-loaded electrical cords are all potential sources of fires. Check your home to minimize these hazards.
• Get fire extinguishers for your home and vehicles and learn how to use them. Check them yearly.
• Carbon monoxide (CO) alarms should also be installed on every level and outside each sleeping area. These should be tested monthly.
• Develop and practice a fire escape plan with everybody in the household. Make sure there are at least two ways out of every room (get rope ladders if needed). Designate a meeting place outside. Practice the plan, day and night, in different seasons, and using different ways out.
• Stay low to minimize heat and smoke. Close doors behind you. Do NOT go back in for valuables or pets. Call 911 from outside.
• Make sure smoke alarms are installed and working on every level, outside of each sleeping area, and in every bedroom. For those who are deaf or hard of hearing smoke alarms with built in or separate strobe lights can be purchased through home improvement store websites or by searching the internet for “strobe light smoke alarms”.

Much more detailed information is readily available from the U.S. Fire Administration (USFA) at www.usfa.fema.gov, National Fire Protection Agency (NFPA) at www.nfpa.org, Federal Emergency Management Agency (FEMA) at www.fema.gov.
