JULY 2019

Save the Date:
Generation to Generation Week
August 5 - 8, 2019

Summer matters! Many children jump for joy for summer break, but not all. For some, summer is a time when learning stops, meals are scarce, and caring adults during the day are less accessible. Older people have abundant skills and life experience to share. Younger people thrive with the support of caring adults in their lives!

The Thompson Senior Center has dedicated a special week when young people in our community come together with seniors for learning, fun, and to make meaningful connections. This year, the week of August 5th will be “Generation to Generation” week at The Thompson with programs offered by ArtistTree, The Woodstock History Center, Vermont Farmstead Cheese and teacher, Barbara Leonard.

The proven benefits of intergenerational activities are numerous and meaningful to both generations. Adult volunteers are still needed.

Join us for a week of kid and adult-friendly lunch menus, arts & crafts, music, games, ice cream, and more!

Thursday, July 11, 1:00 pm at The Thompson Center

Woodstock Union High School Reading Specialist, Julie Brown, is interested in your input in creating proposals for another successful intergenerational project in the upcoming 2019-2020 school year. Jane Soule, Carole Town, and Alan Perkins participated in this spring’s poetry project, Where I’m From, with Ms. Brown’s structured writing class. The project resulted in a booklet of poetry and reflections from students and Thompson participants, new perspectives and meaningful friendships. Ms. Brown’s goal is to design a learning experience that purposefully fosters human connection, stewardship of our community, and empathy in a way that her students can enrich the lives of older Vermon ters. Please join us at this meeting to discuss ideas for an upcoming collaboration and how you can participate. All are welcome to attend and advance registration is appreciated.

Fall Prevention Clinic
at The Thompson Provided by Upper Valley Rehab Physical Therapists
Wednesdays, July 24 & August 14
8:30 - 10:30 am, by appointment

Falls are not a normal part of aging and can result in more serious injuries over time, but the risks can be reduced by working on all the possible causes.

Upper Valley Rehab will be offering a Fall Prevention Clinic at the Thompson Center and will provide free comprehensive fall risk Screenings for people who have fallen or who have a fear of falling. At the Clinic/Assessment, a licensed physical therapist will ask participants to complete a fall assessment screen which will include a history of previous falls and what might be causing them. Additionally, a therapist will screen participant’s gait, balance, range of motion, strength and sensation and ask questions regarding home environment, fear of falling concerns, and pertinent medical history that can contribute to falls. This total assessment will include your screen results, which can be sent to your primary care physician, and recommendations for treatment if needed. Each comprehensive assessment is about fifteen minutes and will require an appointment.
